

INTERVIEW QUESTIONNAIRE FOR ADOPTION EVALUATION

My name is Robin Case. I am a licensed clinical social worker supervisor and licensed marriage and family therapist. Call me at (817) 845-6365 or email me at: robincounseling@aol.com if you have questions about this questionnaire or any other documents contained in my Adoption Evaluation website. The best way to reach me is via email. Let's get started:

The purpose of this Interview Questionnaire is to ask questions and gather information about the *applicant seeking to adopt*. Applicants are usually a step parent, guardian, or a grandparent(s). Please keep in mind when answering my questions that I do not know you or anything about you or your family, and this is why I need to ask a lot of questions so that I may get an idea of who you are and learn a little about your family background. My questions are broadly worded to apply to a broad range of people seeking to adopt (e.g., step parent adoptions, guardian adoptions, grandparent adoptions). If a question is not applicable to your circumstances, please write N/A and briefly explain why an answer to the question is not applicable. Please answer each question thoroughly and as detailed as possible. This will save time and allow me to complete the evaluation in a timely manner. Please avoid one line answers to my questions this will not provide me enough detail to work from. Clear, thoroughly explained, detailed, verifiable answers are requested.

I need for each applicant who is seeking to adopt to complete the Interview Questionnaire in its entirety. The purpose is to gather information about the applicant's current lifestyle and routines, their motivation or reasons for wanting to adopt, the family history, and their parenting plan to rear this child(ren) to adulthood. For example, in a step parent adoption, the focus of the evaluation, as it pertains to the best interest of the child, will be on the step parent. The step parent will complete the Interview Questionnaire. **I also request** the biological parent to complete a portion of the Interview Questionnaire as well; specifically, please complete the section titled Social History, Your Childhood and Family of Origin, Education, and current Employment.
